**Mami** rarely leaves home since she dropped out from middle school. Her father, **Eisuke**, worries a lot about her ever since he divorced with her mother, **Mika**.

One day, Eisuke finds Mami a part-time job as a video game tester to find and report bugs in the company's products. She accepts, thinking she can stay isolated from other people, until her colleague, **Ryotaro**, finds out her talent for drawing pictures. By getting involved with new people and society, Mami tries to step out into a new world, but after years of mimicking other people's works, she is unable to create something of her own...
