Just before the break of dawn in a small town nestled within a valley in Aomori, a father tries not to wake his family as he quietly goes about preparing for his job at a fish market. However, his 6-year-old son is awoken by the noise. After his father leaves, the boy draws a picture of a fish with his crayons. The next morning, he deviates from his route to school, heading instead to the fish market in hopes of giving his father the picture he drew.
