*The hilarious and heartwarming We Make Antiques! (2018) series has a brand-new story. Don't worry if you did not catch the first two. This third installment is a great time to jump right in!*

**Norio** and **Sasuke** both have an eye for antiques. They're competent (more or less), and their hearts are in the right place. In this installment of the *We Make Antiques!* film series, they find themselves on different sides of a race to find a rare tea bowl.

Among the prized set of artifacts used by feudal ruler TOYOTOMI Hideyoshi, the one item yet to be recovered is a rare tea bowl called "The Phoenix." An antique dealer, Norio, is recruited by a major firm to help them find the bowl, while the skilled but struggling potter, Sasuke, is recruited by an avant-garde artist who wants it as inspiration for his art. Will anyone find the bowl? And what do they want with this piece of Japanese history? Have a laugh and learn a little as these two embark on another humorous and high stakes caper.

Starring NAKAI Kiichi and SASAKI Kuranosuke
